

## PTO GIFTS PROGRAM

### Requests for PTO Funding 2017-18

---

please return to the administration at either school by **Monday, October 23, 2017.**

---

**1. Define your request:**

We are asking the PTO Gifts Program to help fund a one – time WSRS makeover to help produce a quality WSRS broadcast.

**2. Amount requested:**

Order total from amazon \$2,459.38.

**3. Can this project be funded in stages? If yes, what timetable is involved? If no, please explain your due date for funds.**

It would be best to be funded all at once since majority of our items are pieces that complete the video production package. The ideal timetable would be prior to thanksgiving break.

**4. Has this request been reviewed by the school administration? What was their response as to its merit and priority? Yes, I have spoken to administration and they believe this is the best route to go through in order to find funds to enhance the WSRS program.**

**5. Number of Students that will be impacted or benefit from your request:**

Roughly we receive 20 students for WSRS but the production equipment being requested will be open to other classes such as digital filmmaking and Entrepreneurship.

**6. Is this a one-time request or do you envision needing additional PTO funds in the future or long range? If you will require additional PTO funds, please explain why this cannot be added into your annual budget.**

Last year WSRS made the transition from paper news to video broadcast and we recognized many technology needs to improve the quality of the broadcast. This is my first year running the program and having a background in video production I have narrowed down the tech needs for WSRS in order to produce a quality broadcast for years to come. I work for the tech department and all funds for our department have been allocated.

**7. What is the intended goal of your request? Would it have any other uses or applications? Is this a start up program or is it enhancing an existing program? Use additional paper if needed.**

This request will enhance the video quality of WSRS but also allow other classes that use video production in their curriculum to utilize the equipment as well.

**8. What are the long range benefits of your request?**

Not only will kids, staff and community be proud of what WSRS does, but can open the door to other video production projects that may enhance student learning. In addition to those benefits the new equipment will help strengthen the students' knowledge in video production that can serve them as they move through their educational development.

9. If you are requesting a capital asset/investment, please provide a minimum of two options/pricing quotes on the item and attach to this form. Please identify your first choice and why.

All pricing of items are included with this application.

10. Have you exhausted all other funding options before coming to the PTO Gifts Program?

Yes, we have and have already talked to administration and we were asked to use the PTO gifts to fulfill our request. If you would like to speak further in regards to the items requested please feel free to email me at [garciao@sunsetridge29.org](mailto:garciao@sunsetridge29.org) or 847-881-9452
