Name: Donna Kasper

Role (Teacher/Parent/Student/Community Member): Physical Education teacher- k-3

Benefiting School: Middlefork

1. Define your request: any ninja type mats would be fun for the students.
2. Amount requested: This request could go from \$500.00 up into the \$3000 grand range- I would appreciate anything or amount so I could purchase items to enhance our fitness days and use with the climbing wall as a station. (carpet bonded foam roll to secure obstacles so they dont slide on gym floor- \$595.00; warrior fitness octa-posts: \$385-\$455.00 depending on height of mat; warrior fitness andgled dash- individual mat is \$349, set of 4 \$1395.00; warrior river rocks- \$535.00 set of 4; warrior river log- \$355.00 (I believe shipping is an extra cost- \$150??)
3. Can this project be funded in stages? If yes, what timetable is involved? If no, please explain your due date for funds. Absolutely...single mats or objects.
4. Has this request been reviewed by the school administration? What was their response as to its merit and priority? Yes, she thinks this would def enhance our PE curriculum.
5. Number of Students that will be impacted or benefit from your request: All students, currently over 200, can utilize this request and all the equipment. Every student at Middlefork would benefit from these items for many years to come!
6. Is this a one-time request or do you envision needing additional PTO funds in the future or long range? If you will require additional PTO funds, please explain why this cannot be added into your annual budget. Each item is a one-time request although if only granted a portion, a new request would be put in the future so as to add to our fitness circuit.
7. What is the intended goal of your request? Would it have any other uses or applications? Is this a

start up program or is it enhancing an existing program? Use additional notes section on last page if needed. **The intended goal is to add fun, new exciting and challenging items to our fitness unit (usually on muscle Mondays) and allow more students to be engaged on various apparatus- currently the traverse climbing wall is only a short panel where only a few students can use it at the same time...we could have many active and engaged if we had more obstacles for them to tackle.**

8. What are the long range benefits of your request? The long range benefits would add excitement to fitness activities, thus hoping that our students become motivated to stay physically fit!

9. If you are requesting a capital asset/investment, please provide a minimum of two options/pricing quotes on the item and attach with this form. Please identify your first choice and why. No

10. Have you exhausted all other funding options before coming to the PTOGifts Program? yes
